

Hundreds of thousands of young people are being slaughtered!!!

FOR WHAT?! FOR WHAT?! FOR WHAT?!
 FOR WHAT?! FOR WHAT!!!

For the peoples' right to self-determination?

For the reconstruction of Europe?

For the freedom of the German people?????

NO!!

Instead, solely for the megalomaniac plans for world domination by our plutocratic Führer clique!

And above all for the gentlemen of coal and iron, who earn their millions from this as from every war, and who hope to earn more from the wars of revenge resulting from this war!

But the German people will put a spoke in their wheels!

We want a just and thus lasting peace!

We want freedom of opinion and religious faith!

We want freedom of labor!

We want the prevention of coming wars through the nationalization of the armaments industry and the seizure of war profits!

We want the creation of a true representation of the people!!!

German! Pledge yourself to these demands!

Speak to trustworthy comrades about them!

Pass this flyer on, and if you have access to a typewriter or duplicating machine, then spread our demands!

Not a penny in the collection boxes of the Nazi plutocracy.

Workers in industry, work more slowly!!!!

Prevent impulsive comrades from taking this flyer to the police, for they would only arouse suspicion against themselves and their comrades, and can expect unpleasant investigations by the police! Quite apart from the fact that they would make themselves traitors to the German people!

For freedom, bread, and peace!
 War on the insane war!

THE GERMAN PEACE FRONT!

THE FREE WORD!

The people of Germany must sacrifice, sacrifice, and sacrifice again! Have we not truly sacrificed enough already???

Prices have risen but not wages!

The state swallows up 50% of the national income, that is half of our labor! (According to *Das Reich*!)

The butter ration has been cut!

Our children are insufficiently nourished, and so that we don't constantly see it, they are taken away from us on top of that!
