

People of Ansbach!

American tanks are in Nuremberg!
 Erlangen, Neustadt (an der Aisch),
 Oberdachstetten, Rothenburg, and
 Schillingsfürst are occupied by them.

Every town that put up resistance
 has been shot to pieces and
 then captured after all!

Think of Marktbreit!

We all want to save our town,
 which has been spared so far!

When the tanks come:

Put out white flags!

No one should put up
 resistance!

Death to the Nazi executioners!
